To me the session tomorrow is just a grin and bear it session. I will have my listening hat on for 2 hours.

Ok. Thanks. Not sure of the validity of any of his comments but will investigate. I could prepare a list of things Cerner has that Epic does not have that would serve no purpose.

What Cerner does have is interoperability with DOD and an overall better product. I am not going to be drawn into the cherry picking game that is being done with the Cerner product. Please send that list of Epic overruns that I sent you last week to this person.

Thx
John
